

2026 KMA Service Projects

If you love camping and fishing. If you are needing an excuse to get out in nature, the KMA board has a 2 perfect deals for you!

#1- Byron Walker State Fishing Lake, Kingman, KS May 31

Come to Byron Walker State Fishing Lake and help the board do ‘Honey dos” for Troy Smith, Lake manager.

KMA had been an active volunteer supporter for over 10 years. We’ve built picnic tables and helped to cut a few little cedar trees/shrubs down and put them in the lake. Installed new fire rings in the campground. Installed new nest boxes. Worked on the Archery range and cleaned up the Handicap campsites.

If you come and help all friends and members of KMA may camp free Friday, Saturday, Sunday.

No Charge, but you have to spend Saturday morning and part of the afternoon helping with a few house keeping chores. Who knows what we can do this year.

Maybe move a few rocks or make a fence taller or pull some fence. It’s always a fun day !

Afterwards it’s **free time** to fish, take a nap, hike, or just enjoy the lake!

We’ve been there before, but we don’t want to hog the fun time. Come share with us.

Kingman has 2 hotels if you’d rather come and not camp.

#2– Fall River or Toronto State Parks , September 13

Kim Jones is planning on KMA to help with a few house keeping chores in her parks also.

More information will be available closer to the fall. Last year was a blast! We had a huge crew show up and made quick work out of her list of activities. Use our muscles in the morning and play in the afternoon!

Of course camping and fishing are the fun part of helping out in Kansas Parks.

Don’t get left out of all the fun. Mark these days on your calendar now!
